EXACTLY AS SHE IS

FEATURING IVA FCUK'IN TRIPATHI

To be precise, My Iva Fcukin Tripathi! :)

Before you start,
this is not a normal birthday wish.

Na hi yeh sirf ek “Happy Birthday Iva 🎂🎈” type ka message hai jo 2 minute me padh ke side me rakh diya jaaye.

Umm... thoda time lagega.
Aur thoduu sa feel bhii.

Isliye agar aap yeh jaldi jaldi me padhne ka try kar ri hain,
to aapko mummyji ki kasam hai, please ruk jaaiye.

Bas itna bolna tha ki yeh sab randomly nahi likha gaya.
Ekk eek line actually feel karke likhi hai yaar :)

This magazine was never meant to be perfect.
It was just meant to feel like you.

Every page here holds a memory, a feeling, a moment that quietly became a part of me because of you. Some lines may sound dramatic, some stupid, some extra emotional 😔, and maybe kahin kahin gramatical mistakes bhi 🙌🙌, but all of them are genuinelyyy very real kuki.

Ho sakta hai kaafi baatein mai pehle bhi bol chuka hu...
but aap maante hi kahan ho 😔
So socha iss baar sab document karke hi de du ^_^

I genuinely don't think you realize how deeply you became a part of my everyday life in such little time. The comfort, the care, the warmth you brought with you...It all started feeling less like "love" and more like home.

And maybe years later, jab life loud ho jaaye aur hum dono busy ho jaayein, I just want this to exist somewhere, as proof ki kisi time pe, kisi ne aapko bohot genuinely, bohot softly pyaar kiya tha.

So here it is.
Over to you.

Araam se padhna.
Aur pura padhna :)

Your,
Nikdu Pikdu <3

SHURU KARTE HAIN....

SOME PEOPLE DON'T ENTER YOUR LIFE WITH A PLAN.

THEY JUST... SHOW UP.

AT A TIME WHEN NOTHING FEELS CERTAIN,
WHEN THINGS DON'T MAKE COMPLETE SENSE,
WHEN EVERYTHING FEELS A LITTLE UNCLEAR.

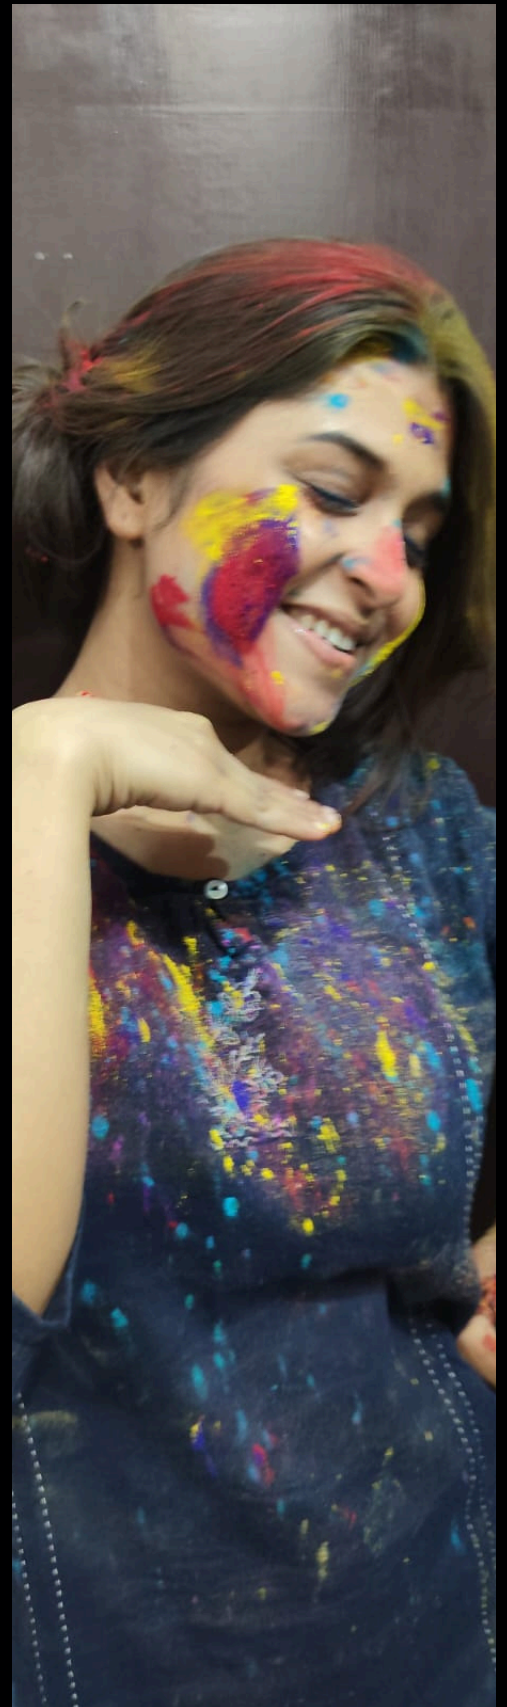

THAT'S HOW YOU WERE.

It wasn't the easiest phase.

We were both in the same place-
backups at HSBC (Backup besties to be precise),
waiting, unsure,
not really satisfied with where things were.

There was confusion.
Frustration.
A feeling of being stuck.

And not just work,
but personal life bhi kaafi hi messed up chalri
thi.

And in the middle of all that,

One fine evening, my phone rang.
And surprisingly, it was you.

Not because everything was okay.
Not because you were trying to start
something.

You were frustrated.
Tired of being kept in confusion by Mthree,
Tired of waiting for clarity that never came.

And that call...
wasn't planned or filtered or perfect.

It was just real.

You spoke honestly.
You let things out the way they actually felt.
And somehow, that raw and genuine side of
you made everything feel lighter.

Not because the situation suddenly changed.
But because from that moment onwards, it
stopped feeling like going through it alone.

You weren't trying to be special.
You were just being yourself.

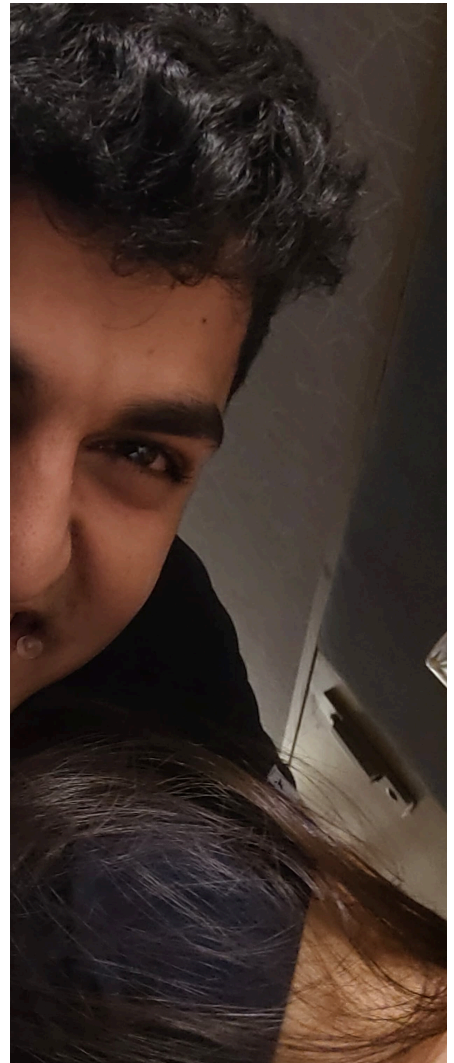

And maybe that's exactly what made this
chapter begin so beautifully.

Quietly.
Naturally.
Unexpectedly.

ANSWERS YOU ALWAYS WANTED!

Okay okay, so yeh section woh hai that you always wanted, answers to the most asked questioned by YOU! Umm I tried to answer many times but couldn't kyunki there was a lot more than I could just tell.

Ahhh, yaad hai that pre date makout session after this pphotoshot, uff uff, I lovee youuuu💕👉👈

WHY YOU?

Because you are the most, most, most beautiful thing that ever happened to my life, **without me asking for it, without either of us forcing anything to happen.** It all felt so natural, so effortless...almost like the universe had already decided our paths would cross. And when something feels that real, that rare... how could I ever miss it? Isn't it? 🙄

YOU'RE THE BEST

HAMESHA YOU ASK ME NA HOW CAN I SAY THAT? LO HERE THE ANSWER FOR THAT TOO

You want to know na what actually makes you the best?

The fact that you always keep us before yourself.
Naturally. Bina realize kiye kabhi kabhi.

Mujhe abhi bhi yaad hai jab we were in long distance and you said that you'd even come to hyderabad for work, even if the salary was lower... just so we could stay together.

And honestly?
Mai kabhi nahi chahunga ki you compromise your career or dreams because of me. Never.

But the fact that you were even ready to think something this big... that alone told me how deeply you loved me.

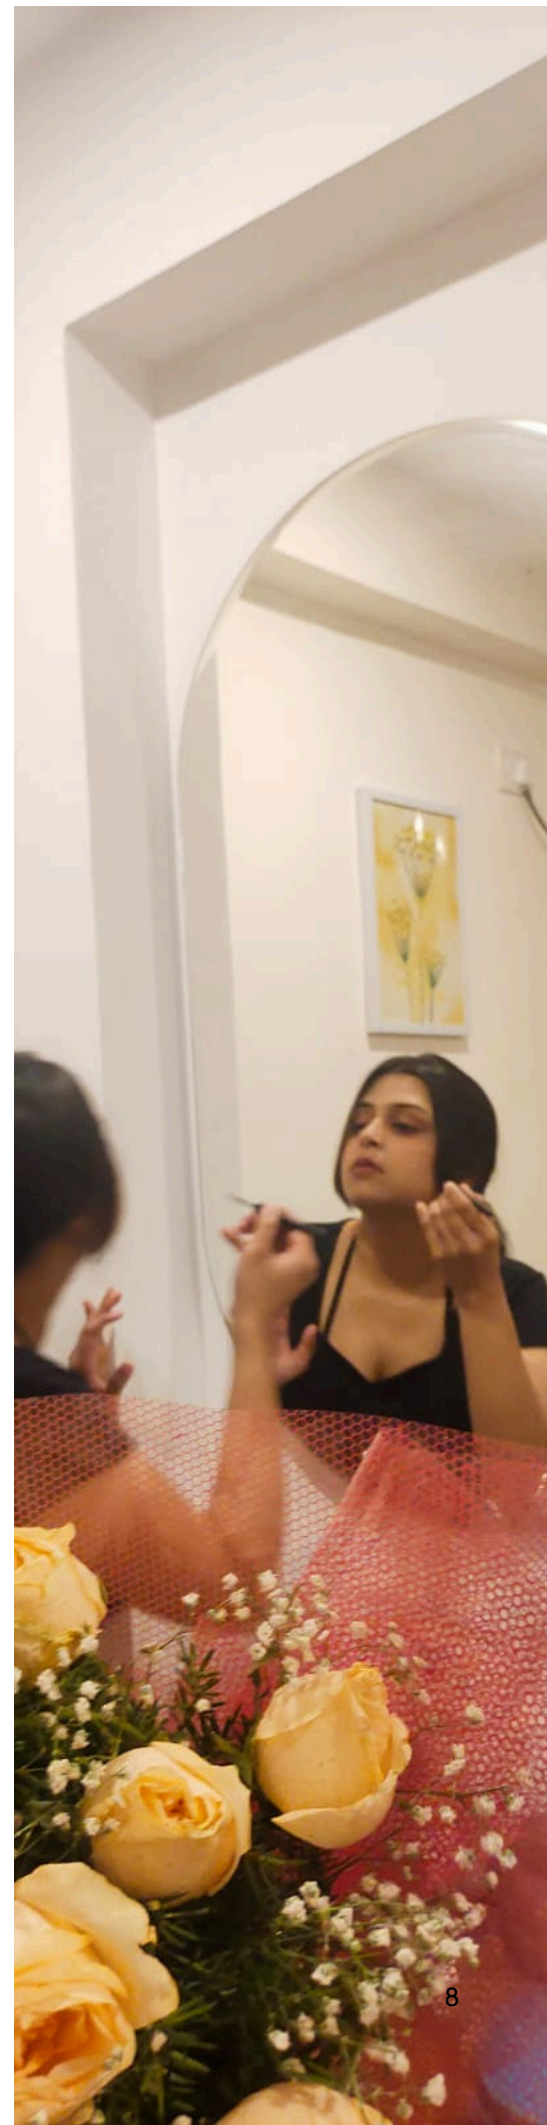

People say "I love you" all the time.
But very few people make sacrifices in their head before life even asks them to.

And that's you.

The way you always think about me before yourself.
The way mera comfort somehow automatically becomes your priority.
The way you silently choose "us" in situations where most people would only think about themselves.

That's what makes you different.
That's what makes you irreplaceable.

And maybe that's exactly why...
you are the best, kuku. Truly. 🥰

HOW AM I THIS SURE IN JUST 4 MONTHS?

Maybe because you never felt temporary to me. 🙄

Sirf 4 months hue hain, but somehow you already feel like peace... like comfort... like home.

The way we hug every time we meet... itna tightly, jaise uss moment me baaki duniya exist hi nahi karti. Aur bina kuch bole bhi somehow dono ko samajh aa jaata hai ki "haan, ham yahi hai."

And the way you make me sleep 😭

The way you quietly close my mouth in that secret way jab mai nahi so ra hota hu aur bakbak kar raha hota hu 🙄

I swear, it sounds like such a small thing... but nobody has ever made me feel cared for that softly before.

Aur shayad issi liye I'm this sure in just 3 months.

Because people don't usually start feeling like home this quickly. Itna safe, itna comforting, itna natural... it rarely happens.

You don't just love loudly.

You love in tiny habits, random gestures, silent little moments jo mere dimaag me days tak rehte hain.

And honestly?

Jab kisi ki presence hi aapko calm karne lage na... you just know. 🙄

WILL I EVER LEAVE YOU?

How do I leave the person who became my home without even trying to?

You know, some people are meant to stay. Like how the moon never really leaves the night sky, even when clouds hide it for a while. Like how the sea keeps returning to the shore no matter how many times the waves pull back. Some bonds just naturally find their way back to each other, every single time.

And us? We were never something temporary. Temporary things don't fight this hard. Temporary people don't worry about cancelled flights more than the person stuck at the airport. They don't send gujiya on Holi because they can't bear the thought of you feeling alone. They don't order food late at night just because "mera bacha bhooka hoga." They definitely don't stand against the fear of losing their parents' approval because of caste differences... especially when they love their parents as deeply as you do.

You did all of that. Not once. Naturally. Repeatedly.

People leave when love becomes inconvenient. But you? You're loving me through the inconvenience. Through fear, pressure, distance, uncertainty... and still choosing me every day.

So tell me, how do I leave someone who stayed beside me in ways I had silently prayed for my whole life?

Some relationships survive because of effort. Ours survives because even in difficult moments, neither of us stops choosing the other. And that's rare. That's the kind of love people write stories about years later and say, "they were always meant to find each other."

I don't know what life will test us with ahead, but I know one thing for sure, the kind of bond we have isn't something people walk away from easily.

Because souls that become peace for each other... don't just leave. 🙄

WITH ME, YOU CAN JUST BE!

THIS SECTION IS DEDICATED TO THAT VERSION OF YOU,
JO AAP DUNIYA KO HAMESHA NI DIKHAATE

WOHH JISME AAP STRONG HAIN, PAR KABHI KABHI THAK BHI JAATE HAIN
JISME AAP SAB KHUD HI HANDLE KARNA CHAHTE HAIN, PAR KABHI KABHI RUKNE KA
BHI MANN KARTA HAI

WITH ME,
AAPSE KUCH EXPECT NI KIYA JAAYEGA
YOU DON'T HAVE TO BE STRONG,
NA SAB SAHI KARNE KI ZARURAT HAI, AUR NAA HI SAB THEEK KARNE KI!

I know aap hamesha se hi perfect bante aaye ho har stage pe kuch prove karna, har jagah best rehna, kabhi rukne ka option hi nahi rakha khud ke liye whether its being the Topper of the class or Chess me jeetna or Hackathons ki victories, you were perfect at everything and Dheere dheere woh sab itna normal ho gaya ki aapko aadat si hi daal gyi us pressure ki.

Par pata nahi kyun, mujhe hamesha yeh feel hota hai ki aapke andar ek aisa part bhi hai jo bas thoda sa rukna chahta hai, thoda sa halka feel karna chahta hai, bina kisi expectation ke sirf jeena chahta hai. Aur mere saath, main genuinely yeh chahta hoon ki aap waise hi reh paayen,

Bina kisi pressure ke, bina kisi proof ke. Aap thak jaaye toh theek hai, kuch galat ho jaaye toh bhi theek hai, kuch na karne ka mann ho toh woh bhi allowed hai. Yahan koi race nahi hai, koi comparison nahi hai, bas aap aur mai.

And the things that you have left behind jaise gaana, woh shayad sirf ek part nahi tha, woh aapki identity tha, aur kahin na kahin abhi bhi hai. Isliye agar kabhi mann kare, toh phir se us taraf laut jaana, apne liye, bina kisi wajah ke. Main bas itna chahta hoon ki aap thoda sa halka feel karo, thoda sa apne hisaab se jee paayo. Aur agar kabhi sab kuch zyada lagne lage, toh yaad rakhna,

Aapko sab kuch akela nahi uthana hai. Mere aapke saath tha, hu, aur hamesha rahunga <3.
